25

1 A. I went to school.

2 Q. Did you ever work for Tatung Taiwan?

A. Yes, I did, for two years.

4 Q. Which two years were those?

5 A. Let's see. 1975 through '77.

6 Q. And what was your responsibilities in that
7 position?

8 A. I worked in the -- they call it the export
9 department. Export, yeah.

10 Q. You say you went to school in the late
11 '70s. What type of school is that?

12 A. I went to University of Houston; Houston,
13 Texas.

14 9. Which degree did you receive?

15 A. I got an MBA degree.

9. An MBA degree?

17 A. Right.

18 Q. I would like you to take a look at your
19 declaration of February 19th, 2008, which I'm going to
20 mark as Exhibit 14 for purposes of this deposition.

21 (Deposition Exhibit 14 was marked for
22 identification by the reporter and is
23 attached herewith.)

24 MR. ELIAS: There is a copy for counsel.

25 BY MR. ELIAS:

1 Q. I assume you are familiar with this
2 declaration, sir?

3 A. Yes.

4 Q. Did you write it yourself?

5 A. Counsel write this for me. I signed it.

6 Q. Is everything in here true?

7 A. Yes.

8 Q. Now, in paragraph 2, you stated that "since
9 Tatung America was founded, Tatung Taiwan has owned 50
10 percent of Tatung America." Is that right?

11 A. Yes.

12 Q. Now, did you mean that Tatung Taiwan has
13 held a 50 percent ownership stake in Tatung America
14 each and every moment since founding of Tatung
15 America?

16 A. To my understanding, yes.

17 Q. There's no time that you know of when the
18 ownership interest was not 50 percent?

19 A. No.

20 Q. Who owns the remaining 50 percent of Tatung
21 America?

22 A. It's owned by late chairman, Lun Kuan Lin,
23 who owned 46 percent, and another shareholder called
24 Andrew Sun own 2 percent. And the third one,
25 Christina Sun owns 2 percent.

1 Q. The 46 percent person, you said that was a
2 former chairman?

3 A. Former chairman, late chairman. She passed
4 away in 2007.

5 Q. The former chairman of Tatung America?

6 A. Yes.

7 Q. Okay. And she is the person that was the
8 daughter of the chairman of Tatung Taiwan?

9 A. Yes.

10 Q. After --

11 MR. AHERN: I'm sorry. She was the
12 daughter of the chairman of Tatung Taiwan, but I don't
13 think you established, first of all, who you are
14 talking about in terms of the chairman of Tatung
15 Taiwan and the time frame.

16 BY MR. ELIAS:

17 Q. Let's just clear it up. The former
18 chairman of Tatung Taiwan to which I referred was T.S.
19 Lin. Is that right?

20 A. Yes.

21 Q. And during what time frame did his daughter
22 own 46 percent of Tatung America? From when to when?

23 A. I think from early 2000 to the time she
24 passed away.

25 Q. Before early 2000, who owned her interest?

1 **A.** Before 2000, part of the shareholding was
2 owned by ex-husband. She divorced.

3 **Q.** I see. So when she got divorced, her
4 husband's interest passed to her?

5 **A.** That's my understanding, yes.

6 **Q.** And her husband also owned approximately 46
7 percent?

8 **A.** No. I mean, husband, I think he owns half
9 of the 46 percent, roughly, maybe like 23 percent.

10 **Q.** I'm confused. The husband owned 23
11 percent?

12 **A.** Right.

13 **Q.** And --

14 **A.** And she owned 23 percent. And then after
15 the divorce, the 23 percent goes to late chairman.

16 **Q.** So her interest, essentially, doubled when
17 she got divorced?

18 **A.** Yes.

19 **Q.** And how did Ms. Lin and her husband acquire
20 these interests in the first place?

21 **A.** I don't know. I have no idea about it.

22 **Q.** So you don't know if they purchased the
23 interest through cash or --

24 **A.** I don't know.

25 **Q.** Have you ever been to a meeting or a meal

1 officers or directors of TT or CPT."

2 Q. Who are the two members of the Tatung

3 America board of directors who are employees of Tatung

4 Taiwan?

5 A. No.

6 Q. Who are they?

7 A. I'm sorry?

8 Q. The directors on your board who are
9 employees of Tatung Taiwan, could you tell me their
10 names?

11 A. Okay. The first one is W.S. Lin. And the
12 second one, it's one of the managers of Tatung Taiwan.

13 Q. Do you have the name?

14 A. Well, because they change from time to
15 time.

16 Q. Right now, do you know who it is?

17 A. Right now, currently, it's Pien Far Ou.
18 That's P-I-E-N, F-A-R, and the last name O-U, Ou.

19 Q. So W.S. Lin that served on your board is
20 the same W.S. Lin who is the current chairman of CPT?

21 A. Yes.

22 Q. W.S. Lin is the chairman of Tatung Taiwan,
23 as well as the chairman of CPT; is that right?

24 A. You mean currently?

25 Q. Yes.

1 A. Yes.

2 Q. And he's also on your board at Tatung
3 America?

4 A. Yes.

5 Q. Has there ever been a time when employees
6 of Tatung Taiwan held more than two seats on your
7 board?

8 A. Are we talking what kind of time frame?

9 You mean ever --

10 Q. After 1996.

11 A. You mean -- I'm sorry.

12 MR. AHERN: 1996.

13 A. You mean after 1996?

14 BY MR. ELIAS:

15 Q. Yes, after 1996.

16 A. I remember I have a spreadsheet. I can
17 read it, you know, remember all those details.

18 Q. Is it possible that there have been times
19 when more than --

20 A. You mean more than two?

21 MR. AHERN: You have to let him finish the
22 question. I know you are trying to be responsive, but
23 you are cutting him off.

24 THE WITNESS: Sure, sure. Sorry.

25 BY MR. ELIAS:

1 Q. Here is the question. Is it possible that
2 there have been times since 1996 when there are more
3 than two members of the Tatung America board of
4 directors who were employees of Tatung Taiwan?

5 A. Yes, there's times where more than two,
6 yes.

7 MR. AHERN: Since 1996?

8 A. I am not sure, you know, about its time,
9 but there has been more than two, two seat. But I'm
10 not sure if it's after 1996 or before 1996.

11 BY MR. ELIAS:

12 Q. But at some point in the history of the
13 company of Tatung America, there have been more than
14 two seats from Tatung Taiwan?

15 A. Yes.

16 MR. AHERN: I think we've provided you, you
17 know, obviously, some information in the interrogatory
18 response with respect to who's been on it. I don't
19 remember if we -- if there are time frames on there.
20 I think that there are. And so, you know, we can
21 obviously get you that information.

22 BY MR. ELIAS:

23 Q. Has the Tatung America board always had
24 six-person boards on it?

25 A. Again, what time frame?

1 Q. For our litigation, we care about since
2 '96.

3 A. Okay. I'm sorry. What is the question
4 again?

5 Q. The question is: Is it a six-member board,
6 or has it ever been more than six members or less?

7 A. I mean, maybe once in a while it was seven,
8 either six or seven, somewhere around there.

9 Q. It's always been six or seven, in your
10 memory?

11 A. Yeah. Yes.

12 Q. Who are the two directors on your board who
13 are also from Tatung America management?

14 A. Andrew Sun and myself.

15 Q. Was Mr. Sun ever an employee of Tatung
16 Taiwan?

17 A. No.

18 Q. He never worked for them?

19 A. No.

20 Q. Did he ever work for CPT?

21 A. No.

22 Q. Who are the two remaining directors?

23 A. Oh, the two remaining? Do you want me to
24 name them?

25 Q. Yes, please.

1 A. Ging Kuan Lin, spelled G-I-N-G, Kuan,
2 K-U-A-N, and Lin, L-I-N. The other one, Dar Kuan Lin,
3 spelled D-A-R, K-U-A-N, L-I-N.

4 Q. These two additional directors, is one or
5 both of them related to W.S. Lin?

6 A. Yes.

7 Q. Could you please describe the family
8 relationship?

9 A. In fact, both persons are sister of W.S.
10 Lin.

11 Q. So W.S. Lin's two sisters serve on the
12 Tatung America board?

13 A. Yes.

14 Q. And have these Lin sisters ever been
15 employed by Tatung Group?

16 A. Not to my understanding. I mean, not to my
17 knowledge.

18 Q. How long have these two sisters been on the
19 Tatung America board?

20 A. For some time. I cannot tell you how long.
21 It's been a while.

22 Q. Would you say it's been at least 10 years?

23 A. I would say so, yes.

24 Q. Would you say it's been 15 years?

25 A. I'm not sure if 15 years. Maybe

1 approximately 10 years.

2 Q. Are there any employees of Tatung America
3 who serve on the board of Tatung Taiwan?

4 A. No.

5 Q. What about CPT?

6 A. Serving on CPT? No.

7 Q. Have there ever been any Tatung America
8 employees who have served on the boards of Tatung
9 Taiwan or CPT?

10 A. No.

11 Q. The other director at Tatung America,
12 Andrew Sun, does he have any relationship to the Lin
13 family?

14 A. In fact, Andrew Sun is the son of late
15 chairman Lin Kuan Lin.

16 Q. Would you dig out number 5? Could you
17 please turn to page 24266?

18 Do you see at the bottom where it says,
19 "Tatung strengths will include well-established
20 vertical integration"?

21 A. Yes, I see it.

22 Q. Now, is it true this refers to the fact
23 that the Tatung Group includes the manufacturing of
24 the product all the way through to selling the product
25 to retail customers?

1 MR. AHERN: Object to the form.

2 A. I don't know. I don't know what it means,
3 "vertical integration." I don't know.

4 BY MR. ELIAS:

5 Q. Isn't it true that vertical integration
6 means that within the same company, multiple functions
7 take place, including manufacturing, distributing, and
8 marketing and selling?

9 MR. AHERN: Object to the form.

10 A. I'm not familiar with this term. I don't
11 know.

12 BY MR. ELIAS:

13 Q. So you're not familiar with the term
14 "vertical integration"?

15 A. No.

16 Q. Would you say that Tatung America fills the
17 role of a distributor for Tatung Taiwan?

18 A. I'm sorry? Can you rephrase?

19 Q. Is Tatung America a distributor for Tatung
20 Taiwan?

21 MR. AHERN: Object to the form.

22 A. How do you define "distributor"?

23 BY MR. ELIAS:

24 Q. Does Tatung America take products from
25 Tatung Taiwan and turn around and sell them to other

1 entities?

2 A. Tatung America produced some of the end
3 product -- I mean produced from Tatung Taiwan, and we
4 sell to the U.S. market.

5 Q. So in that sense you are filling the role
6 of a distributor of those products?

7 MR. AHERN: Objection. Asked and answered.

8 A. I don't -- you know, I don't want to call
9 it distributor, but what I mean is, we buy -- Tatung
10 U.S. buy product from Tatung Taiwan.

11 BY MR. ELIAS:

12 Q. And then what happens?

13 A. Then we resell to the U.S. market.

14 Q. Would you say that Tatung America has a
15 common economic enterprise with Tatung Taiwan?

16 A. Common?

17 Q. Common enterprise?

18 MR. AHERN: Object to the form.

19 A. Common enterprise?

20 BY MR. ELIAS:

21 Q. Are you in a common enterprise with Tatung
22 Taiwan?

23 A. I am not familiar with that term. I don't
24 know what that mean, "common enterprise."

25 Q. Well, you are on the board with all these

1 people that are connected with Tatung Taiwan. Do you
2 think that you are in business with Tatung Taiwan?

3 MR. AHERN: Object to the form.

4 A. We are -- you know, I don't know. I mean,
5 I am not familiar with the term "common enterprise."
6 I don't know.

7 BY MR. ELIAS:

8 Q. Do you think that Tatung America is in
9 business with Tatung Group?

10 A. We do business with Tatung Taiwan. We
11 present product from Tatung Taiwan. That's my
12 understanding.

13 Q. To your knowledge, has Tatung America ever
14 sued Tatung Taiwan?

15 A. Not as far as I know.

16 Q. Has Tatung America ever sued CPT?

17 A. Not to my knowledge.

18 Q. Now, before, Mr. Lai, you testified that
19 Ms. Lin, who recently passed away, owned 40 percent of
20 Tatung America?

21 A. In fact, this 40 percent now is in the
22 trust.

23 Q. In trust for whom?

24 A. For Lun Kuan Lin.

25 MR. AHERN: It's in her estate.

1 A. Yeah, it's in her estate.

2 BY MR. ELIAS:

3 Q. So has the estate passed through probate?

4 A. I don't know.

5 Q. Do you know who is due to inherit her
6 interest in Tatung America?

7 A. Inherit?

8 Q. Yes.

9 A. Inherit the 46 percent?

10 Q. Yes.

11 A. My understanding, late chairman's son and
12 daughter will inherit the estate.

13 Q. What are their names?

14 A. Son is called Andrew Sun, and the daughter
15 is Christina Sun.

16 Q. Andrew Sun, is that the same Sun who is on
17 your board?

18 A. Yes.

19 Q. So Mr. Sun, who serves on your board, is
20 due to inherit half of the interest of Ms. Lin, you
21 think?

22 A. That's my understanding.

23 Q. Who is the trustee for the estate?

24 A. I don't know.

25 Q. All right. Mr. Lai, you've been very

CC: frank.desimone@mm-games.com, felicianoh@cox.net, "Peter T. Malone" <tincup4@cox.net>, Teddy Thamrongvoraporn <sthamron@tatungusa.com>

Dear Frank,

I have a good news to you regarding this quotation I presented to you last week. I received a notice from LG/Philips that they had reduced thier 23" LCD panel price in teh beginning of this week. For this reason, the new prices for 23" LCD monitors are as follows:

1. L23LA50M2W53A	\$739
2. L23LA50W53A	\$479

All other models' prices are still teh same.

Pls let me know if you have any other question? Do you want us to prepare a sample for you? Pls advise. Tks. Edward Chen

Edward Chen wrote:

Dear Mr. Frank Desimone,

Through Hector Feliciano and Peter Malone of Red Rock Partners of Las Vegas, I understand that your company is looking for quality LCD touch screen monitors for your new gaming machines. Pls find the followings our best prices for your considerations:

1. L64LA25M21LA capacitive touch screen monitor	6.4" LCD monitor with L/G panel with and 3M's \$349
2. L19LA25M21LA capacitive touch screen monitor	19" LCD monitor with L/G IPS panel and 3M's 545
3. L23LA50M2W53A capacitive touch screen monitor	23" LCD monitor with L/G IPS panel and 3M's 839
4. L23LA50W53A touch screen)	23" LCD monitor with L/G IPS panel (without 3M 579

Why Choose Tatung?

Tatung has been one of the top suppliers of video monitors to the gaming, industrial and commercial industries for the past ten years. We are committed to bringing you the best quality monitors with the latest technology. Tatung is the only video monitor manufacturer with its own CRT and LCD panel factory which allows us to offer our customers quality monitors at very competitive prices and with shorter lead-time. Combined with our complete selection of touch screen options and efficient integration capacity we are the best choice for all your monitor needs.

COMMERCIAL DIVISION

2850 El Presidio Street,
Long Beach, CA 90810
Tel: (310) 637-2105 Ext. 103 & 116
Fax: (310) 632-3588

Cutting Edge Technology

Tatung utilizes worldwide sourcing & designing capabilities to bring the most advanced technology to our video monitors.

Competitive Prices

Tatung is one of the largest color monitor manufacturers in the world which enables us to offer the most competitive price available.

Consistent Quality

Tatung is an integrated supplier. We manufacture most of the key components ourselves, so we can guarantee the quality of our products.

Reliability

We have won several awards for quality from our OEM customers which are among the biggest names in the industry.

Local Support

We have assembly and Research & Development facilities at our Long Beach, California production plant so we can provide a quick response to any technical concerns or questions.

Customized Product & Selection

We offer a variety of screen sizes and specifications. We are also able to customize our monitor to fit your application, if needed.

Touch Screen Capability

Integrated touch screens are available on all of our monitors. We offer all three of the best proven technologies including Analog Capacitive, Surface Acoustic Wave and Resistive Membrane.

VOLUME ECONOMY & PRODUCTION FLEXIBILITY

*Tatung has established large volume manufacturing facilities:

- PC production capacity 130,000 sets per month
- Monitor production capacity 250,000 sets per month
- CRT production capacity 1,000,000 units per month
- Power Supply production capacity 250,000 sets per month
- Facsimile production capacity 30,000 sets per month
- Several factories producing other key components include Keyboards, Mice, Flyback Transformers, etc.

TATUNG QUALITY SYSTEM

Quality documentation defines our quality system and the procedures which will be employed to control and assure the quality of the system's product produced.

All Products assembled at Tatung's Long Beach (TUS) Plant will be subject to a quality plan assurance system. TUS' quality assurance system is an integral part of Tatung's worldwide assurance system. In order to take advantage of division of labor and competitive production, we divide functions of quality between us as follows:

	<u>Tatung Taipei</u>	<u>TUS</u>
Reliability and/or Engineering	✓	
Receiving Inspection	✓	
In-Process Inspection		✓
Quality Assurance		✓

QUALITY WITHIN MANUFACTURING

- Statistical Sampling of Incoming Parts
- 100% In-Line Inspection
- Elevated Temperature Burn In (Monitors Only)
- Statistical Analysis of Failures and Corrective Action
- Product Quality Audit Sampling of All Batches Before Release.
- Component Reliability Testing

Product Quality Audit Activities

- Product Quality Audit - 0.65% AQL
- Elevate Life Soak Temperature
- Temperature Cycling
- Life Soak sets to operate at maximum rated voltage.
- Operation Cycling (2Hrs. on Half Hour Off)

 TATUNG

WHAT DOES TATUNG OFFER DIEBOLD INCORPORATED?

- COMPETITIVE PRICES
 - Tatung is one of the largest color monitor manufacturers in the world which enables us to offer the most competitive price available.
- CONSISTENT QUALITY
 - Tatung is an integrated supplier. We manufacture most of the key components ourselves, including the CRT, so we can guarantee the consistent quality of our products.
- CUSTOMIZED PRODUCT & SELECTION
 - We believe we offer the most complete and extensive color and b/w CCTV monitor line available today. We are also able to customize our monitors to fit your application, if needed.
- SHORT LEAD TIME
 - We have assembly facilities in both Long Beach, CA USA (home for TCM-1401 & TCM-1701) and in Taiwan to insure that we can always provide a quick response to your product requirements.
- UNEQUALED CUSTOMER SUPPORT
 - Long Beach, CA USA serves as H.Q. for the Closed Circuit Video Equipment (CCVE) Department. Our Sales & Marketing, Customer Support, Technical Service Departments are here to support you.

Sent: Friday, April 12, 2002 4:06 AM
Subject: AW: Delivery date for 401 units of LCD boards, cables and

Dear Sirs,
Dear Silvia,

herewith I will let you have some further instructions for the shipments:

1.) 401 pcs. LCD Monitor:

This quantity have to leave your office on the 23-04-2002 with the agent Panalpina, with the final destination airport "MUNICH" as in the past time. Please send me as soon as the goods leave your office the shipping documents

like invoice, packing list and AWB.

I have informed our bookkeeping department that they arrange the payment next week on Wednesday or Thursday. As soon as I have the copy of T/T on my desk I will send you the fax.

2.) unit parts / our order no. 15116:

This parts have to leave on the 08-05-2002 or earlier also with the agent Panalpian and also with the final destination airport "MUNICH". Please send me also the shipping documents.

3.) PLG's new order of 400 pcs.:

at first I can inform you that the company PLG will let you have the officiel purchase order today Friday or on Monday next week the latest. Referring the exact shipment information, please inform me and also PLG directly about the exact and earliest date of dispatch. I would need this information till Tuesday the 16-04-2002 the latest. Please do you best that I can receive them in time.

I am looking for your soon reply and informations.

Best regards
Doris

Betreff: Delivery date for 401 units of LCD boards, cables and panels

Dear Doris:

I am sorry that I have to use my AOL email to send this message because I had problem with my regular email system on my PC.

This is to confirm that on 4/23 we can ship out these 401 units for the previous pending order's balance quantity.

As for your new order of spare parts and order of 400 units we received on April 9 and April 10 respectively, I got he confirmation that we can deliver

those spare parts, 65 pcs of A/D control boards, 5 pcs of converter cards, and 25 pcs of OSD controllers, by May 8. As for the delivery the order of 400 whole SKD including panels, I am checking the availability and allocation situation of the LCD panels with our factory and get back to you

early next week. Due to the severe shortage and allocation of LCD panels as well as the continuous panel price hike in the industry, I do hope you can

place your future orders to Edward and Silvia as earlier as possible. Our factory is asking at least two months lead time on the LCD panels. For boards and cables, we can prepare within 30 to 40 days. Your kind assistance

on this matter is very much appreciated.

Best regards,

Mike Lee
